JUNE 2020 | VOLUME 2

MEET THE RESEARCH TEAM!

MARISA EASTMAN, RESEARCH ASSOCIATE

Hi everyone! In a nutshell, I am a musician, an avid adventurer, and a lover of anything 4-legged. I feel so lucky to have grown up in the beautiful state of Maine where my love for the outdoors, and especially the ocean, began. Fun fact, "Marisa" means "of the sea"! I am now living in Ann Arbor, Michigan and am enjoying getting to know the Great Lakes region. Outside of work, you may find me running, admiring sunsets, or whipping up a new recipe.

JASDEEP SINGH KLER, RESEARCH ASSOCIATE

Hello everyone! I am a Research Associate for the COVID-19 Coping Study, and I am interested in health disparities, specifically looking at racial-ethnic disparities in mental health outcomes and cancer burden. I enjoy long-boarding and playing ultimate frisbee in my free time. Last year, I graduated from the University of Michigan's School of Public Health with an MPH in Global Health Epidemiology.
